Daily Bags & Hunt Organisation

Our hunting areas are in hilly terrain, with excellently placed drives, perfect hunting organisation, experienced professional hunters, beaters and dogs, and traditional horn blowers throughout the day. All our driven hunting days get planned 4 months before the hunting date. Perfect planning is very important for a successful hunt. All our areas are equipped with many roofed stands (high seats). In our areas it is absolutely possible to shot about 50-80 boars / per group of 6 hunters / per day. In some areas you can hunt Red Stag, Fallow Deer, Moufflon and Sika Deer along with Wild Boar. The hunting organisation on driven hunting consists of: 20 beaters, 5-10 dog handlers, professional guide for every hunter, skinner, cook, waiter and traditional horn blowers. We normally organise 2-3 drives per hunting day. Between the drives we have lunch at our hunting cabin.
